

CONFIDENTIAL

17 March 1980

MEMORANDUM FOR: Director of Economic Research
FROM: Director of Central Intelligence
SUBJECT: Petro Studies on Production of Soviet Oil

Would you be good enough to summarize for me the differences between the U.S. and the Swedish petro studies on the two issues of production of Soviet oil in the near term and long-term reserves. What I would like to understand are the pros and cons of our arguments and theirs.

STANSFIELD TURNER *for*
